

T-TOWN

PLAY. EXPLORE. LEARN.

Saturday, April 29 | 10:00 am - 11:00 am

SENSORY HOUR

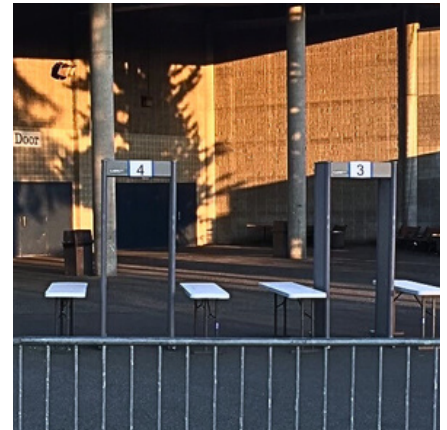

with KultureCity.

I'm going to the Tacoma Dome today for an event called T-Town.

At the Tacoma Dome, I'll enter through the Exhibition Hall entrance. I must remember to wait in line for my turn to enter.

Before I enter the Tacoma Dome, I will need to go through the metal detector that looks like an open door. I will also need to give the security guard any items I bring with me like my tablet or comfort item. But don't worry, I will get it back after I pass through the metal detector. It will only take a few seconds.

If I would like I can borrow a sensory bag. Sensory bags are available at the Guest Service Desk located by the entrance. If I cannot find Guest Services, I can ask a friendly staff member to bring me a bag instead.

There are items in the sensory bag that will help me feel calm. I can use the noise-canceling headphones if I find it too loud. I can use the fidget tools in my sensory bag to help me stay calm and enjoy the event with my group or family.

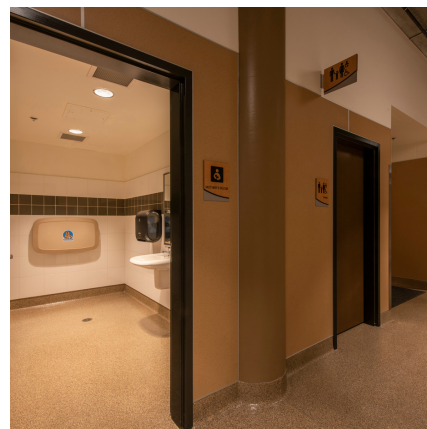

There will be many different trucks I can touch. If I come during the sensory hour, their lights, engines, and sirens will stay turned off.

There will be lots of activities for me to try. I can even put my name on a beam for the Tacoma Dome.

There may be other people trying out the activities. I will remember to wait my turn and stay with my group or family.

If I need to go to the restroom, I can ask a friendly staff member where the closest one is located. If a family restroom is what I need, there is one in the main restroom hallway. I can ask a staff person for directions.

If I need a break, I can go to the quiet room for some calm activities. The quiet room is in the hallway by the doors to the Exhibition Hall.

If I am hungry or thirsty I can visit the concessions area in the SE corner to buy a snack.

I had a great day at Tacoma Dome. Knowing what to expect made it fun and easy. I can't wait to go back!
